

A complex global solution enables management to focus on strategy, customers, and sourcing

CUSTOMER CHALLENGE

Compliance with ever-changing life science logistics and transportation requirements coupled with a global portfolio of suppliers, resulted in one company's very challenging, labor-intensive supply chain. Our customer, a multinational healthcare manufacturer, needed a solution that would reduce complexity and allow management to concentrate on strategic initiatives.

OUR SOLUTION

- Air and ocean forwarding
- Customs brokerage and compliance
- Control tower centralized coordination
- Logistics and financial management reporting
- Dedicated account management
- On-site support in Japan and China
- Quality control
- Purchase order verification and management

CUSTOMER BENEFITS

The customer achieved over \$400,000 in annual savings through improved supplier productivity and online visibility to over 25 key logistics reports covering KPIs and financial metrics provided to global management. The customer also saw a reduction in labor costs by outsourcing to OIA's on-site logistics experts in Asia.
