

## True door-to-door shipping

Protect the integrity of your goods with timely and reliable road freight transportation solutions.

Route Planning | Permit Applications | Escorts & Convoys | Freight Brokerage | Unpack/Uncrate

## Road Freight

OIA Global's road freight logistics team can optimize your shipments by market capacity or transport mode. We will work closely with you to provide reliable service options, regardless of whether you're moving a single pallet or needing end-to-end supply chain management.

OIA can coordinate your road freight directly from a loading point and drop it at a destination without multiple instances of handling, saving you time and protecting the integrity of your goods.
